Canyon Park Protests On Paving Plan

Objects To Zone Created For
Improvement Of Two
Miles Of Streets

A resolution protesting to the City Council against the inclusion of a portion of the real estate holdings of W. B. Corum in the improvement district created for the paving of Sierra Madre Canyon streets was adopted at a special meeting of the canyon's Improvement Association held Wednesday night in the old Canyon Club House.

The resolution demands either that the Corum holdings incorporated in the Council's Resolution of Intent be eliminated or that the entire Corum estate, consisting of about 16 acres, be included in the property that will be assessed for the paving of two miles of canyon streets, roads and trails.

Mrs. A. M. Croxson of Alta Vista Drive, a former president of the organization, said that Resolution No. 506 contained provision for paving a certain section of Sturtevant Drive bordering on lots of W. B. Corum, which she stated had an assessed valuation of but \$380.

Mrs. Croxson attacked this section of the Council's resolution on the ground that the section of Sturtevant Drive now proposed to be paved constituted 890 feet or approximately one-twelfth of the entire Canyon road project. She contended that due to the low assessed valuation of the Corum lots, the real cost of paving the disputed section would fall on the balance of the Canyon Park property owners and that the chief benefit of the road was to Mr. Corum himself.

Mrs. W. B. Corum, president of the association who was presiding at the meeting, asked that she be relieved from such duties during the discussion and appointed James Heasley as acting chairman.

From the floor she replied to Mrs. Croxson to the effect that whether or not the city paved the road was of little import to her but that she would like to bring to the attention of the meeting that Mr. Corum had built the section of the road in dispute with his own funds and maintained it at his own expense for a number of years. She thought

Arrest 29 For Fire Law Violations In The Angeles Forest

There were 29 arrests made by Forest Rangers in the Angeles National Forest during the month of September for violation of the fire laws.

Of the arrests made, smokers were responsible for 20 while other arrests were made for violations such as failure to have a camp fire permit, failure to properly extinguish camp fires, building camp fires outside of the public camp grounds and failure to abate fire hazards from about buildings. The total of fines assessed amounted to \$640.

BUILDING PROGRAM APPROVED: PEOPLE MUST FURNISH FUNDS

Governor C. C. Young has just approved a \$10,000,000 construction program for California's State-owned harbor on San Francisco Bay.

The Governor pointed out that the construction awaits the people's approval at the November 4 election of Number 9 on the ballot, which legalizes the Harbor Improvement Act, providing a \$10,000,000 bond issue which, the act provides, must be repaid out of the revenues of the harbor.

SIERRA MADRE GIRL WINS GOLDEN EAGLET

Rosemary Miller of 439 Mariposa avenue has been awarded a "Golden Eaglet" by the Pasadena Girl Scout Headquarters. Miss Miller has received 21 minor honors and is captain of five troops; two at the Pasadena Junior High, one at Alhambra High, one at Monterey Park and one at Altadena. She was camp director of the Girl Scouts this summer.

HALLOWEEN PARTY PLANNED AT ST. RITA'S

Old time dances, apple ducking, prizes and refreshments will be featured at the Halloween masquerade dance which is to be sponsored by the St. Rita Girl Reserves in the church auditorium October 31 at 8:30 p.m. A jolly time is planned for both young and old.

BOY SCOUTS WILL SPEND NIGHT IN MOUNTAIN CAMP

Troops No. 1 and No. 2 of the Sierra Madre Boy Scouts together with the Monrovia, Arcadia and Pasadena divisions are leaving today for Camp Huntington where they will camp tonight and tomorrow.

MORE WOMEN THAN MEN HAVE A VOTE HERE

will outnumber the men at the November election, according to figures recently released by the County Registrar of Voters, which show that the registration here is 686 women and 552 men. In South Pasadena 2686 women are recorded against 2309 men while in Monrovia the fair sex are in the lead with 1857 women against 1554 men.

San Marino housewives, however, evidently prefer to leave politics to the male for in that section registrations of women are negligible.

Law Makers Keep Eye On Big Mergers

Power And Transportation
Consolidations Attract
Attention

By ELWOOD SQUIRES
United Press Staff Correspondent

SACRAMENTO, October 17.—Consolidation of public utilities in California is proceeding at a pace that is giving those fearful of "big business" something to talk about. During the recent political party conventions here the topic was a source of discussion among many legislators who attended the meetings.

These consolidations have been an outstanding feature of the past year in this state. The two considered most important, judging from trend of the symposiums held about the capitol, were the acquisition by the Pacific Gas and Electric company of control of the Great Western Power Company, San Joaquin Light and Power Corporation, and Midland Counties Public Service Corporation; and the consolidation of Pacific Greyhound Lines under one ownership and management, incorporating a host of smaller transportation lines.

Those lawmakers who see a menace in the grouping into units of public utilities shook their heads dubiously when the subject came up.

The more optimistic pointed to the statement of the State Railroad Commission, wherein that body laid down the principle that consolidations of public utility properties resulting in savings in operating cost should redound to the benefit of consumers.

"If for any reason rates are not voluntarily reduced because of savings which can be effected, the Commission will take such steps as it deems proper and necessary," the statement concluded.

The Railroad Commission in reality is the "policeman" in this situation who must see that the utilities "do right" by the public, rather than any action along that line by the legislators.

FALL WEATHER PEPS UP THE REALTY MART.

For the first time in many months the real estate market throughout Los Angeles county showed an increase, not only in comparison with the preceding month, but also in relation to the corresponding month last year, according to the California Title Insurance Company. The county as a whole enjoyed an increase of over 6 per cent in realty filings in September, compared with September of last year, and 10 per cent over filing for August 1930.

Sixteen deeds were filed last month affecting Sierra Madre real estate, compared with 16 deeds, 5 mortgages and 5 trust deeds filed during August.

Home In A Spanish Village Wedding Gift To Ted Hanson

The wedding of Theodore R. Hanson, son of Mr. and Mrs. Ole Hanson and a former resident of Sierra Madre, and Arden Wagner, daughter of Mr. and Mrs. John E. Wagner, pioneer Orange County family, took place Wednesday evening at the Wagner home in Placentia, Calif. A reception and dinner was held for 260 guests at the Social Club in San Clemente after the ceremony.

Mr. and Mrs. Ted Hanson will reside in San Clemente in their new, furnished home, a gift of Ole Hanson, when they return from a two week's honeymoon in Mexico City.

Every Missourian is included in the wide open call to the big annual fall picnic reunion under the auspices of the Missouri State Society of Southern California at Sycamore Grove Park, Los Angeles, all day, Saturday, October 25.

How The City Looked In '85 To A Pioneer

C. M. Clarke, On 82nd Birthday, Tells Of Early Days In Sierra Madre

"Pasadena was only a village and Los Angeles had one street car drawn by a mule, when I came out here on the first Raymond-Whitcomb tour that was ever undertaken. That was back in 1885 and I came all the way from Cape Cod by train."

The speaker was a quiet little man, with sparkling eyes and a cheery smile—one of Sierra Madre's "old settlers," Charles M. Clarke of 693 Manzanita avenue, who yesterday celebrated his 82nd birthday.

"Carter had bought his property from 'Lucky' Baldwin before arriving in Sierra Madre," said Mr. Clarke, in telling of the city as he found it on his arrival here.

"Baldwin was still running some horses, cattle and sheep and Hastings ran some horses," he added, "but Carter had subdivided his parcel, that is Sierra Madre, into small tracts and quite a few families had already settled here. I can't remember all of them but J. C. Dillon, W. S. Andrews, S. R. G. Twycross, Mrs. N. C. Carter and L. E. Steinberger are among those who are still alive that were here when I arrived from the East."

"There were only two stores in Sierra Madre in those days both of which were groceries. One was owned by Robinson and Andrews ran the other. I started my hardware store on Lima street and Central avenue about where the Norris store now stands."

In 1890 Mr. Clarke entered the fruit drying business in partnership with John Graham and at that time shipped carloads of dried fruit into the Chicago market.

"But John Graham and I continued with the hardware store until 1912 when C. W. Jones and W. S. Hull bought an interest," continued Mr. Clarke, "and Jones and myself disposed of our interest to Fred Griebel and C. E. Klunk who with Mr. Hull still continue the business."

For an "old timer" Mr. Clarke seems to be in the best of health and particularly fond of life. Despite failing hearing, he enters into the life of the community with particular interest.

Mrs. Martha Caley, Long-time Visitor Here, Has Passed On

Friends of Mrs. Martha Caley will be saddened to learn of her death which occurred at the home of her daughter, Mrs. Marjorie Adams, 145 North Hill street, Pasadena, on Tuesday evening, October 14th.

For the past 20 years Mrs. Caley has been spending her winters in Sierra Madre and Pasadena, coming here from her home in Missouri Valley, Iowa.

Mrs. Caley was born in Feltwell, England, May, 18th, 1850, and came to this country in a sailing vessel when she was eight years old.

She is survived by her daughter, Mrs. Marjorie Adams of Pasadena, three sons, David Hearn and Morris Hearn, of Missouri Valley, and Stephen Hearn of Duluth, 12 grandchildren and five great-grandchildren.

She was a sister-in-law of William P. Caley of this city. There will be a short service held at the home, 145 North Hill street, on Friday afternoon at 2:30. Interment will be at Missouri Valley, Iowa.

FIREMEN'S CARD PARTY AND DANCE TONIGHT

The Sierra Madre Volunteer Firemen's card party and dance will be held this evening at 8 o'clock at the Masonic Temple. Refreshments will be served and prizes awarded to those having the highest scores at bridge and 500. The beautiful prizes to be given are on display in the window of the Radio Shop at 11 Kersting Court.

PASADENA BANS "FALSE FACES" ON HALLOWEEN

Halloween without masks—"false-faces!"

Pasadena's community celebration is going to be like that. It is being arranged for November 1, in the Rose Bowl. There will be room in the enlarged bowl for 84,000 and everyone is invited and to go in costume. But an underscored line in the invitation puts the ban on masks and so goes another joy of the good old days. An admission will be charged, too.

A Mardi Gras pageant in three episodes is being arranged. The event will also serve to dedicate the enlarged bowl.

Dies In Home She Helped Make Famous

Mrs. Martha Anderson Passes
Away At "The Garden
Spot of California"

In the death of Mrs. Martha Anderson, who at the age of 79, passed away Tuesday at her home, 386 North Sunnyside avenue, the community has lost a resident who helped to bring to the city the coveted title of "The Garden Spot of California."

Mrs. Anderson and her son Evan E. Anderson moved here six years ago from Jacksonville, Ill., taking up the half acre of ground on Sunnyside avenue where they devoted a great deal of their time

MRS. MARTHA ANDERSON

to planting a garden which was later to be chosen in a state-wide garden contest as the "Garden Spot of California."

Much of the work of planting the garden and caring for it was done by Mrs. Anderson, while she was 78 years of age. In an interview given a representative of THE NEWS on March 21st of this year, she stated in her own quaint manner that although she was "aillin" she expected to live "mo'n a hundred" years.

She is survived by one son, Evan E. Anderson, who made his home with his mother. Funeral services were held yesterday afternoon for the Grant funeral parlors and the interment was in Inglewood cemetery.

Meeting With Dr. Roman To Decide On Forums Future

Dr. Frederick W. Roman, Ph. D., D. Litt., who conducted the Forum lectures from October 1929 to May 1930, under the auspices of the International Relations department of the Sierra Madre Woman's club, has returned from his annual trip to Europe and has resumed his Forum activities in other communities.

Dr. Roman will meet with local Forum group, on Wednesday night, October 22, at 7:40 o'clock to ascertain the future of the local Forum. The problem being, either: (first) whole hearted cooperation on the part of Forum members here augmented by many new members, or (second) to close the local Forum and unite with the Pasadena group. Whatever the outcome, the Forum this year would be entirely independent of the Woman's Club, as the Forums are in Pasadena, Glendale, Long Beach, Los Angeles, Huntington Park, and other cities.

No charge is being made to the initial meeting and it is open to everyone in the community. Bring your friends on Wednesday evening and help give Dr. Roman a real welcome. He, in return, will give some live facts about France, Germany, England and Italy—the countries he studied during his recent trip.

Whole City Invited To Park Party

"Uncle Wiggly" Extends
Guest List For His Birth-
day Celebration

School children of Sierra Madre are anxiously awaiting verification of the weather man's prediction for a clear Saturday in anticipation of the celebration of Oliver T. Weidman's 66th birthday and the much heralded "Uncle Wiggly Birthday Party," which will be held from 2 to 4 o'clock at City Park.

Final arrangements for the party to which more than four hundred school children have been invited, have been completed and those who will attend a school age year are included in Mrs. Weidman's invitation. Tickets have been supplied children at both schools and will be collected at the front entrance of the park house by Mrs. T. D. Laws and Mrs. William Middough.

Mrs. J. C. Patterson, dietitian at the Sierra Madre school, will be in charge of the distribution of refreshments and Miss Elizabeth Steinberger, principal of the school will act as general supervisor. W. R. Humphries will be master of ceremonies and is expected to keep things moving.

The human birthday cake which will be the feature of the afternoon's entertainment will be 66 feet in diameter and each of the 66 electric candles held by a child representing a candlestick will be turned on separately by Miss Margaret Malone and Miss Roberta Scott. This will be done by tightening the bulb in the socket thereby forming contact. After all are lighted and the pictures of the cake have been taken, "Uncle Wiggly" will "blow out" the candles which will be turned off through a cut-out switch.

Games which Mr. Weidman has used in his previous parties, will then be indulged in by the children following which the school teachers will gather their classes who will pass through one of the three exits of the park house, where they will receive refreshments distributed by Mrs. F. A. Pagenkopf, Mrs. Andrew Liscomb, Mrs. Helen Barker, Mrs. P. Lass, Mrs. R. Hartman and Mrs. Osterhout.

After the children have finished their ice cream and cake they are to return to their original seats to witness the "Stunters" under the leadership of Miss Peggy Terry.

All school classes will come to the party under the guardianship of their regular room teacher and the 16 children of the club will be the little children who will arrive at school age next year will be in charge of Olive Sierra, Margaret Malone and Roberta Scott.

Lee Shippey Colonizing This Place?

Politicians Not Alarmed At
Influx Of His Fellow
Workers

If Sierra Madre's politicians were a suspicious lot they might think Lee Shippey has his eye on the Mayor's job and that he is deliberately colonizing the city with his fellow workers on the newspaper in which his "Leeds" of L. A. column appears to get himself elected to the job.

But they don't suspect him. They know he's all "hopped up" on the beauties of Sierra Madre and its desirability as a home town and that he is really sincere in his belief that it is the very best place in California to raise a family. And as a family man Shippey has some rating.

So the politicians believe that the columnist has merely enticed his fellow workers out here to sniff the velvety air, to drink the marvelous water, to see the beautiful flowers, to be fascinated by the mysterious mountains and restful atmosphere of Sierra Madre and that they have fallen for the place and moved here.

Anyhow there is quite a colony of "Times" people here besides the colony of little Shippeys. Harry Bowling, chief of the "Times" editorial page, and Mrs. Bowling are Sierra Madreans now. Ralph Cook, purchasing agent, recently completed a delightful little home that he is getting a lot of joy out of. Wallace Blakey, manager of the "Times" News Bureau and associate State editor, has been here for some time. So has Alyce Kimball, San Gabriel Valley correspondent of the paper and Helen Johnson, a linotype operator. Bruce Russell, cartoonist, makes many of his drawings at his home here and A. E. Gerhard, wireless typewriter operator will "yes" Shippey any time on the assertion that Sierra Madre is the very best place on earth to live.

Lloyd P. Hamilton, assistant State editor, was obliged to move back to town and Shippey says he "has fallen from grace." Shippey himself has put a charming home on ground which

EXTRA FINE WEEK-END FOR THE CHILDREN

Colonel H. B. Hersey, United States Meteorologist at Sierra Madre, said this morning that his "contribution to the children of the city will be fair and warmer weather for Uncle Wiggly's birthday party on Saturday."

He believes that Sunday may be slightly cloudy but not much cooler with no rain in sight. At the present time, there are no storms in the offing so it's probable that the Colonel's specialty of pleasant "week-end weather" will be quite in order again this week.

City Mourns Death Of Mrs. Pritchard

Business Suspends During
Funeral Of Local Pa-
tor's Helpmeet

Business was practically suspended in Sierra Madre for an hour on Tuesday afternoon during the funeral of Mrs. Emeline Gunning Pritchard, wife of Rev. Arthur O. Pritchard, pastor of the Congregational church.

Mrs. Pritchard passed away on Sunday morning at a Long Beach sanitarium, with her pastor husband and her son, Arthur O. Pritchard, a student at Pomona College, at her side. She had been in poor health for some time and became alarmingly ill shortly after the family returned several weeks ago from a three months' trip in the East.

The services held at the Congregational church where Mrs. Pritchard had worked for the past years with untiring devotion, were impressive in their simplicity. In a sermon delivered by Dr. Raymond C. Brooks of Claremont, a tribute to the Christianity of Mrs. Pritchard and of her beautiful character left a profound impression upon the attending townspeople.

During the service Mrs. Myrtle G. Hill, organist of the church, played favorite hymns of the deceased. The pall bearers were N. W. Tarr, W. S. Hull, F. H. Hartman, C. W. Jones, E. E. Bacon and R. S. Corlett.

Many beautiful floral tributes from members of the congregation and friends of Mrs. Pritchard in other localities were banked around the casket and the funeral services both at the church and the grave were very largely attended.

Mrs. Pritchard was the daughter of Frances Murray (Forst) Gunning and Dr. Josephus H. Gunning, of New York, who prior to their death recently were both active workers in the Fifth Avenue Baptist Church in New York City. She met the Rev. Mr. Pritchard while he was pastor of the Congregational church in Scarsdale, N. Y., and from the time of her marriage until her last illness she had been an active co-worker with her minister husband in every pastorate in which he served. Intensely interested in dramatics she was active in working among the young people of the congregation and her untimely end while still in the prime of life leaves a void in the hearts of her associates.

In addition to her husband and son, Mrs. Pritchard is survived by a brother Clarence J. F. Gunning and a sister, Miss Frances Maude Gunning, of Los Angeles.

A memorial service for Mrs. Pritchard will be held in the Congregational church on Wednesday evening, October 22, several outside churches, former pastors of Rev. Mr. Pritchard, in all of which Mrs. Pritchard was an ardent worker, will join in the service.

Jokes Of Trip To Fiji Islands And Actually Makes It

Dr. George W. Groth, of this city, has received a letter from Miss Vania Kercheval a former patient, written from Suva, Fiji Islands, which discloses that often the truth is spoken in jest.

Some three years ago Miss Kercheval, the daughter of Alfred Kercheval, one of the original "Forty-niners," was living in Sierra Madre and being treated by Dr. Groth. She is a vegetarian and laughingly referred to the genial physician as "a cannibal" and promised him that some day she would visit the Fiji Islands and send him a picture of a real cannibal.

Much to the doctor's surprise he recently received both a picture and an interesting letter from Miss Kercheval who is sojourning in Suva.

She writes an interesting story of life in the islands which she pictures as ideal. She feels that at last she has found her dream of contentment in the languid existence of the tropics and plans to spend considerable time there before returning to the United States. She speaks of the islanders as "gentle ex-cannibals."

Flower Show Plans Are Completed

Final Arrangements By Fes-
tival Committee Insure
Success Of Local Project

Final preparations for the Sierra Madre Flower Festival and Garden Contest which will be held at the Woman's Clubhouse Friday and Saturday, October 24th and 25th, are rapidly nearing completion and it is the hope of the committee in charge that every resident of Sierra Madre who has any beautiful flowers, rare potted plants or fruits will bring them to the clubhouse on Thursday or at the latest Friday morning.

One new garden contest entry in addition to those already published, has been received by Mrs. John H. Osgood, chairman of the registration committee. It is that of Mrs. H. W. Topping of 695 West Central avenue who will compete in Class 3.

Many well known nurserymen are expected to enter exhibits in the Flower show and as many out of town visitors are expected to attend, the committee asks that every effort be made by local residents to lend their aid in the amateur exhibits, in order that the entire affair may be a credit to the community.

The family dinner Friday night which will be a feature of the festival, will be served under the direction of Mrs. John McBurney, who has planned a menu calculated to appeal to the most epicurean taste. As an added attraction there will be an excellent musical program.

The Draper Studios of Pasadena will stage a Fashion Show after the dinner at which the latest modes of the day will be assembled for the inspection of those interested in what the "modern woman will wear," and concluding feature of the affair "Pomona's Past," a playlet by the late Claire Kummer, will be presented by the drama section of the Woman's Club under the direction of Mrs. J. M. Steinberger on Saturday night.

The general committee has issued a call for any bulbs, seeds or plants or plant slips that can be offered for sale. These should be sent to the following ladies: (bulbs and potted plants) to Mrs. George Lehner, (seed) to Mrs. J. C. Dickson, (slips, and cut flowers) to Mrs. D. Morton, (seeds and cacti) to Mrs. J. M. Campbell and (rare plants) to Karl Hart. All contributions as outlined should be sent to the Woman's Club.

California Farm Products To Bring \$750,000,000 In 1930

"California agriculture will come through this year with a total income of more than \$750,000,000," says the Santa Fe Railway's October 1st report. "This includes fruit of all kinds, vegetables, grain crops and live stock, and will compare favorably with the last five years."

With the exception of citrus, production in nearly all lines has been normal or better. The new citrus crop, which will start with navel oranges about December 1, continues to be in excellent condition and growers are optimistic over the outlook. Production will be considerably above that of the present season, but under that of the banner season of 1928-29.

COUNTY TAKING A CENSUS HERE OF ALL SCHOOL-AGE CHILDREN

H. Clay Reavis of Sierra Madre, who is conducting the census of school children here up to the age of 14 years, will not be able to complete the survey for another week or 10 days due to the fact that the amount of information required is more than was at first anticipated.

Complete data concerning the age, residence, schools attended, courses taken and contemplated, is being secured from all parents in Sierra Madre and the tabulation of the information secured will form the local basis of a master registration chart embracing all children in the entire county. The census is being taken at the direction and for use of the county school authorities.

Wreath Of Roses To Circle Rose Bowl New Year's Day

Another detail of this year's Tournament of Roses in Pasadena has been worked out. It calls for the encircling of the box seat section of the Rose Bowl with a huge garland of roses—or it will appear as a garland. Hedges of roses will be arranged in front of the boxes, with blankets of roses at the ends.

"This colorful effect in mid-winter, producing as it will a wreath of roses around the field, will be fitting and admirable for the occasion," said Park Superintendent Skutt.

Favorite Dishes of Sierra Madreans

WITH the avocado trees of Sierra Madre yielding bountifully of avocados, a recipe for the preparation of this delicious fruit is timely.

Here is the favorite recipe of E. J. Webster, Sierra Madre's famed globe trotter who has eaten avocados in many lands in which they grow. It is for Escalloped avocado. This is the method:

Pare, seed and slice 2 avocados and add to them a cup of fine cracker dust. Put in a buttered dish, dust with a salt-spoonful of salt, a teaspoonful of sugar and a grating of cheese. Break two eggs into a cupful of cream and pour all over the mixture. Bake a delicate brown in a medium oven; about 30 minutes.

SCORE IN WORLD RACE FOR AIR SUPREMACY

Here is the score, to date, in the race among world powers for supremacy of the air which has been a see-saw, with the United States, England, Germany and Italy in the lead at various times.

The United States got off first at the start when the Wright brothers invented the airplane. Hawker won a lap for the British by hopping from New Foundland to Ireland in 1919. America again took the lead as a result of Commander Reade's round-the-world flight that same year, but Britain was runner-up with her dirigible R-34, which made the round-trip between England and America.

Lindbergh renewed America's claim to leadership with his New York-Paris flight, and Chamberlain, Byrd et al clinched it. Since then, an American has flown to the North and South Poles by airplane; an Italian and a Norwegian have flown over the North pole in a dirigible; Americans have flown to Hawaii and an Englishman, Kingsford-Smith, commanded a flight across the Pacific to Australia, which he followed this year with an East-West crossing of the Atlantic.

In the meantime, a German air-lane, the Bremen, was first to negotiate the East-West crossing of the Atlantic—a feat which a German seaplane and a French airplane re-accomplished this summer. De Pinedo gained for Italy the honor of the first East-West crossing of the South Atlantic.

The Graf Zeppelin admittedly overshadowed all previous accomplishments when she crossed the Atlantic, and later sailed around the world, with passengers and a cargo of merchandise, and Germany, from the commercial standpoint, thus capped the records of all her competitors.

The Government at Washington does not evince much interest in stunt flights. But every department of the Government is interested in the development of commercial air lines, and is doing everything in its power to encourage the establishment of trans-oceanic trade routes.

Mrs. W. F. DeLong of 229 North Baldwin avenue is entertaining her son and daughter-in-law, Mr. and Mrs. A. H. DeLong of Casper, Wyo. Mr. DeLong, who is an oil operator, has come to California to investigate the possibilities of Venice and while here will make his home with his mother.

SUB-TROPICAL FRUITS

THIS is the last of a series of articles on Sub-tropical Fruits. All the fruits I have been writing about will grow in Sierra Madre, although the most tender ones can only be grown in the upper parts of the city. It is certainly fascinating to grow something that is rare and that cannot be grown by every one—or every place.

Loguots, our earliest spring fruit, are subtropical as well as olives and all of the Citrus fruits, but I will not describe them as they are so well known to every one here.

Fruiting bananas are always interesting to grow. The fruit appears to be growing upside down as the bunches of bananas grow on the stem just the other way from that which we are used to seeing in the markets.

The blossoms are large, wine colored and keep unfolding at the end of the stem even after there is a sizable bunch of fruit developed above it.

Fruiting banana plants should be planted in the most sheltered corners and away from the winds. They are propagated from divisions off the main stem. After the plant has fruited it dies, but the young shoots go on growing. It takes the fruit two seasons from bloom to maturity.

Granadilla, or Edible Passion Fruit is grown on a rapid growing vine. The fruit is dull purple and about the size of a small hen's egg. The fruit used as a jam resembles apricots in flavor.

Philodendron Delicious Monsteria is a climbing plant with im-

mense leaves 15 to 20 inches across, which are cut and perforated. It must have heat and shade to do well. In its natural setting it grows under trees, winding itself up the trunks and branches of the trees. The blossom is cream colored and Jack-in-the-pulpit shaped. The fruit looks like a cob of corn and the flavor resembles pineapples. The plant is very ornamental and tropical looking.

Carob Tree or St. John's Bread Tree is mostly used for an ornamental tree for street-tree planting. It looks very much like an oak tree. It will stand considerable drought but if irrigated will grow much more rapidly. The fruit is a large brown bean and is edible. Ground up into a flour it is used to make bread, etc.

Fire Flames

By one of the boys

EVERYTHING is arranged for the big card party to be held in the Masonic Temple this evening. Many grand and glorious prizes are at stake. We would like very much to fill the Hall to the doors.

Just like an estimate on house building, our truck is costing a little more than estimated. Regardless of this fact, we expect everyone to get their money's worth at the card party and we will appreciate your presence as well as your presents.

Last Friday found the boys practicing on the new ladders that were bought for the new truck. There were a couple of the boys that looked "fair" and some that looked even worse than that. We missed Louie Karger at this practice, altho' there were plenty of stories told.

Tom Schwartz fed us last week and we had a great feed. He brought enough for an army, but it was pretty well taken care of. Some of the wiser "bozos" have quit eating dinner at home, so as to be able to "do justice" to these wonderful feeds at the club house.

It would not be right for Fire-Flames to "pick fault" with brother firemen (because "it" is so faultless,) but as we are governed by what is written more than by facts, a few suggestions may be appropriate.

One suggestion would be that Joe Swanson and Vern Udell refrain from such loud and boisterous controversy as they work at each other. Other ideas to bring the department to a high standing will be published in book form and for sale at the news stands.

Mr. and Mrs. W. F. Armstrong of East Highland avenue returned last week to Sierra Madre to spend the winter.

H. Gregor and children visited Mr. Gregor's niece in Pacoima Sunday.

JOSEPHINE SCHUNK DIES AT HOME HERE

Mrs. Josephine Schunk passed away at her home, 329 Sycamore Place last Friday night at the age of 70.

Mrs. Schunk was born in Austria and had been a resident of this city for the past 10 years. She is survived by one son, H. L. Schunk, and a sister, Mrs. August Schutz.

Rosary service was held Sunday evening at the Ray A. Grant Funeral Parlor, and the funeral services at St. Rita's church Monday morning at 9 o'clock, by Father Hyacinth Clary. Interment was in Calvary Cemetery, Los Angeles.

Saturday dinner guests of Mrs. W. Vickers, 84 South Hermosa avenue, were Mmes. J. W. Twyman and Gladys Siebrecht, and the Misses Amy Lou Twyman and Isabel Esterwold, all of Pasadena.

In A Social Way

Mrs. J. C. Dickson of 169 West Montecito entertained at dinner Sunday, the occasion being Mr. Dickson's birthday. The guests included: Mr. and Mrs. J. E. Le Guin, Miss Mildred Le Guin and Mrs. Clifford Le Guin of Alhambra; Mrs. C. R. Ross and Mr. and Mrs. Arthur Arnold.

A farewell party honoring Mr. Thomas Evans, who is leaving Friday for Chicago, was given Monday night by Mr. and Mrs. Arthur Evans at their home, 520 Ramona avenue. Mr. and Mrs. J. R. Evans and Mr. and Mrs. W. A. Evans were among those present.

Mrs. David Cole of Monrovia, entertained two tables of bridge Tuesday afternoon. The Sierra Madre guests included: Mrs. Leon Keltz, Mrs. Sidney Brander, Mrs. Webster and Mrs. S. Wolf.

The ladies auxiliary of the Temple Beth Israel entertained with a dance and card party Sunday afternoon and evening at the Masonic Temple. Refreshments were served to about 75 persons.

The spectacle of Charles Plumb, creator of Ella Cinders riding a burro and leading 3 others through the streets of San Gabriel created much merriment there on Sunday. They had strayed from his home at 132 Live Oak avenue, San Gabriel, and while the cartoonist was at the district sheriff's office reporting their loss, an East San Gabriel householder notified the sheriff the animals were at her place. Plumb went right after them.

PROTEST

(Continued from Page One)
that as the road had been turned over to the city by Mr. Corum the city should assume responsibility for its paving. She further said that although it had been said the road benefitted Mr. Corum only, that Mr. Corum, through his business, brought more strangers to Sierra Madre than any other one local agency and that he spent a considerable amount of money in the city in the purchase of supplies packed over the mountain.

Continued debate by those favoring or opposing the inclusion of the Corum strip of road, brought out the fact that while Mr. Corum owns some 16 acres of property, the majority of it lies outside of District No. 2 and can not be assessed under Resolution No. 506, authorizing the general paving project. It was then suggested that a resolution of protest be presented to the Council.

"Resolved: That it is the consensus of opinion of this meeting that there is serious objection by this Association to that portion of Resolution No. 506, which relates to the paving of that section of Sturtevant Drive bordering on the six lots owned by W. B. Corum, assessed at \$380.00 and that we as an organization representing property holders in the said No. 2 District do protest against the paving of said section of the project unless the entire property owned by Mr. Corum and comprising about 16 acres be included in and be liable to assessment of District No. 2."

After urging all members to attend the meeting of protest in the Council Chamber at the City Hall on October 29, Mrs. Croxson renominated Mrs. W. B. Corum as president of the association after assuring her that there was nothing personal in her opposition to the disputed section of the road. The unanimous election of Mrs. Corum followed.

Hugh A. Thatcher
for Supervisor

Thoughtful voters are applauding the definite stand which Mr. Thatcher has taken on the WATER QUESTION. He says: "I stand for a full program of flood control and conservation of water, particularly as it concerns the first supervisorial district. If elected supervisor, I shall use every effort possible to see that IMMEDIATE ACTION is taken for the storage of water in SAN GABRIEL CANYON."

(The overwhelming election of Hugh Thatcher because of his aggressiveness, his integrity and, above all, his ability, is vitally important to the first district.)

E. W. CAMP TO DISCUSS BALLOT PROPOSALS
E. W. Camp, noted Sierra Madre lawyer, member of the constitutional convention commission and member of the law enforcement committee of the American Bar Association, will address the Woman's Club next Wednesday afternoon on two important measures that will appear on the November ballot—the exemption of certain hospitals from taxation, and California's need of a new constitution.

An open forum on other measures, including the proposed bond issue for Veterans loans will be conducted by Mrs. Emily Latham of Los Angeles.

CARD PARTY AND CABARET BIG SUCCESS

The Cabaret and card party for the benefit of disabled war veterans held last Saturday night at the Woman's Club house was an outstanding success. It was attended by nearly 200 people. The affair was under the able direction of Mrs. Phillip Senour as chairman of the American Citizen section of the club.

Following bridge, refreshments were served then an interesting program was given. Aleck Goblinsky pleasingly played a group of numbers on the piano accompaniment. Miss Thelma Laird Schulteis, talented reader read "The Vanishing Princess." Mme. Marion de Beaulieu in costume charmingly presented a dance number, "A Rhythmic Waltz," and the inimitable Buchan brothers, Dave and Jack, gave a hilarious original skit called "How Near is Close." Little Sadie Sellers, dressed as an Hawaiian girl, had charge of the grab bag.

Those attending this worthy cause besides having a thoroughly enjoyable evening, may feel they did their bit toward brightening the lives of some of the disabled War Veterans.

"PORTRAIT OF A LADY"

IN BOOK REVIEW
Mrs. O. B. Manchester, who has won national recognition as an authority on books, as curator of the Sierra Madre Woman's club Book Section, needs no introduction to the club, as this is her third consecutive season as interpreter of contemporary literature. The section in charge of Mrs. G. F. Blakeslee will meet Wednesday, October 22, 11 a.m., in the Osgood room.

In this series of talks which she is calling "Turning the Pages," she has chosen for a first subject, the riddle of the ages, woman, but she delicately titles it "The Portrait of a Lady."

It is the aim and idea of Mrs. Manchester to bring the attention of readers to the latest and best of the worth while books with high constructive qualities.

Current events, articles from leading magazines, and poetry of the day will also be presented. It is hoped that all club members will avail themselves of this exceptional opportunity to hear Mrs. Manchester this season.

Bring your own lunch and coffee will be served.

His semi-humorous articles about his experiences as a home-builder, written while the house was being built, have inspired a great many of his readers to drive through Sierra Madre when out on pleasure drives, just to take a look at the house. Many of these people have been charmed by Sierra Madre and it is probable that the Shippey home will be the indirect, if not the direct, cause of bringing more desirable families here.

Among recent visitors at the Shippey home were Charles G. Adams, the famous landscape architect; Charles Hamilton Owens, the noted artist; Edwin Gale, the cartoonist, and Mr. and Mrs. Charlie Plumb, Mr. Plumb being the creator of "Ella Cinders."

Why should I join the Exchange?

... A few common questions answered

QUESTION: Who owns the California Fruit Growers Exchange?

ANSWER: 12,500 citrus fruit growers. They own and control the Exchange on a cooperative basis. Every cent of returns over actual operating costs goes to the growers.

QUESTION: What proportion of the California and Arizona citrus crop does the Exchange market?

ANSWER: Seventy-five percent or more.

QUESTION: What assurance have I of the Exchange's success this year?

ANSWER: The Exchange has been in successful operation for thirty-seven years, marketing a larger share of the citrus crop each year, and marketing it with constantly increasing efficiency. The Exchange has the best chance for success of any citrus marketing agency, because it is best equipped from the standpoint of crop control, market information, sales force, reputation with public and trade and experienced, able management in all branches of its service. Its pioneering days are long since over. The Exchange is a going, successful concern with more than three times as many satisfied members as all other California citrus marketing agencies combined.

QUESTION: What prices can I get?

ANSWER: You can be assured of averaging the high-

est prices that the market will afford—regardless of the situation in any individual year. Comparative figures have proved again and again that its superior facilities enable the Exchange to get consistently higher returns.

QUESTION: What about advertising costs?

ANSWER: Exchange growers set aside 5¢ a box on oranges and 10¢ a box on lemons and grapefruit for advertising. This investment is returned, multiplied many times each season. We will be glad to show you the exact figures in grade-for-grade, size-for-size comparisons that prove this beyond question.

QUESTION: What about selling costs?

ANSWER: The large volume of fruit handled enables the Exchange to operate with selling costs lower than those of any other citrus sales agency.

QUESTION: Are there any other reasons why I should join?

ANSWER: Yes. In addition to higher returns and lower selling costs, the Exchange offers you a pest control bureau, by-products plants, supply company, traffic and claims department, dealer service department, legal department, and other services which conserve and add to your returns. You inherit all these advantages built up over many years. Furthermore, all Exchange services will keep on increasing in scope and efficiency as new growers come into the Exchange, and extend still further the benefits of large-scale cooperation.

Talk to the manager of your nearest District Exchange or Exchange Association. Or for further information, write now to Growers Service Bureau, California Fruit Growers Exchange, Box 330, Station C, Los Angeles.

WHAT THE EXCHANGE IS The California Fruit Growers Exchange is a non-profit organization of more than 12,500 citrus fruit growers, producing over 75% of the California and Arizona citrus crop, operated by and for them on a cooperative basis. Its object is to develop the national and international market for California Oranges, Lemons and

Grapefruit, and to provide a marketing organization that will sell the fruit of its members most advantageously and at least expense. Receipts from sales, less only actual cost of operation, are returned to growers. Applications are received through all the Exchange's 210 local packing associations, 23 District Exchanges, or at the central office in Los Angeles.

Good Wife Is A Big Asset To Borrower At Country Bank

More financial difficulties for farmers and a death blow to small towns are predicted by George Hensel, banker of Quarryville, Pa., if Congress permits National banks to absorb country banks and operate them as branches.

Already, in one case, Hensel declares, a Western branch bank with \$400,000 deposits, sent \$300,000 to the Eastern parent bank, leaving the community the use of only \$100,000 of its own money. This would become a general condition under a widespread branch bank plan, he believes.

"Operating under a manager concerned only with making profits," says Hensel, "many of the loans we country bankers make through personal knowledge of the character of the borrowers, would be turned down. Country communities cannot develop under such financing. You can't put into a rule book the human elements that a country banker must deal with. We ask what kind of a wife he has. You can usually get

a loan on a good wife at our bank."

Hensel declares that a bank is not purely for the benefit of the banker, but a place for a community to put its money where it will be safe and available when people need it. He points out that in 1900 there were only 60 branch banks, while now there are 3,000. Strong pressure is being brought upon Congress, he says, to open the way to placing half the small banks of America on a chain basis.

THATCHER TAKES A STRONG POSITION ON WATER CONSERVATION

Audiences throughout the first supervisorial district before which Hugh A. Thatcher is appearing in campaign addresses, are praising the definite stand which the Pomona candidate for supervisor is taking in regard to conservation of water.

The closest possible attention should be paid to the conservation of the natural rainfall on our nearby water-sheds, Mr. Thatcher declares, especially during the next 10 years, representing the period of time before water can be obtained from the Colorado river. With the population of Southern California due to double again before Boulder Canyon dam and aqueduct is completed "everyone must see the importance of conserving the diminishing supply of 'white gold' that we do have," Mr. Thatcher says in his speeches.

Amendment Aims To Sweep Cobwebs From Corporation Laws

California's antiquated corporation laws may be brought up to date if Amendment No. 16 carries at the general election in November, say experts who have studied the proposal. The amendment, sponsored by the State Bar of California, would empower the legislature to provide and keep up to date a modern system of laws for the organization and regulation of corporations better adapted to present day economic and social conditions.

"This amendment will enable the legislature to give to the people of this state the full advantage of the corporate facilities enjoyed by the people of other states," declares Warren E. Libby, Los Angeles attorney, who is a member of the State Bar committee for revision of the corporation laws. "The present antiquated laws were adopted in 1879 and some even in 1848 and are now intolerably burdensome and old-fashioned," Libby continued.

It was pointed out that thousands of corporations organized by California citizens to transact business in California, now incorporate under the laws of other states, because they cannot obtain reasonable corporate facilities at home. This is expensive to business men and sends California revenues to other states.

BIG CUT IN CROSS COUNTRY FARES DURING NOVEMBER

Extraordinarily low one-way coach fares to eastern and southern points, effective both east and westbound, will be inaugurated during November by the Southern Pacific company. As an example of reductions in effect, a one-way coach fare to Chicago from San Francisco will be sold at \$47.50, as compared to the regular fare of \$79.84.
